

# LECTA CWF PAPERS: SAFETY DATA SHEET

## 1. Product and supplier name

- 1.1. Type of paper: **Coated woodfree paper containing virgin fibers**
- 1.2. Supplier name: **CONDAT – LECTA GROUP**  
15, avenue Galilée  
92350 Le Plessis Robinson  
France

## 2. Hazard identification

- 2.1. The product is not classified as hazardous. No precautions are needed.

## 3. Composition

- 3.1. Chemical formula: Cellulose-based natural compounds (mainly).
- 3.2. Composition:

	%	CAS No.
Cellulose, Pulp	50	65996-61-4
Calcium carbonate	40	1317-65-3
Water	4,5	7732-18-5
Others (latex, starch, ...)	5,5	--

*\*Quantities are approximate. Traces from other substances could be found but none considered dangerous for human health or the environment.*

## 4. First-Aid measures

- 4.1. The product is not dangerous. No precautionary measures are needed.  
After inhalation: not relevant  
After skin contact: no measures are required  
After eye contact: no measures are required  
After ingestion: no measures are required, as there is no dangerous effect known

## **5. Fire-Fighting measures**

- 5.1. Fire prevention system: all known extinguishing agents such as water, foam, carbon dioxide or powder are usable.

## **6. Accidental release measures**

- 6.1. Not applicable

## **7. Handling and storage**

- 7.1. Store the product far from any fire hazards
- 7.2. Handle following best practices

## **8. Exposure controls / personal protection**

- 8.1. Technical protection measures: not necessary
- 8.2. Personal protection: not necessary

## **9. Physical and chemical properties**

- 9.1. Physical state: solid
- 9.2. Solubility: not soluble in water (can create fibrous suspension)
- 9.3. Flammability temperature: 233 °C (451 °F)
- 9.4. Thermic decomposition: mainly CO<sub>2</sub>, H<sub>2</sub>O and it produces carbon residue
- 9.5. Lower explosion limit of paper powder (equivalent to natural cellulose powder): 30 g/cm<sup>3</sup>

## **10. Stability and reactivity**

- 10.1. Stable under standard usage

## **11. Toxicological information**

11.1. No toxic substances are contained

## **12. Ecological information**

12.1. The product is harmless, biodegradable, and it does not generate any environmental concern.

## **13. Disposal considerations**

13.1. If the product is not reutilized or recycled, dispose following non-hazardous waste standards.

## **14. Transport information**

14.1. CEE: Not classified

14.2. ADR: Not classified

## **15. Regulatory information**

15.1. The product is not included in hazardous substances lists, and it does not require special labelling.

## **16. Other information**

16.1. The aforesaid remarks correspond to our knowledge and experience, they do not form a binding legal basis.
