Condat gloss (North America)

**Description:**
Condat 2 side coated woodfree paper with high gloss and excellent smoothness.
The reasons for the exceptional strength, smoothness and gloss of this coated paper are no secret. They lie in the choice of coating bases to reduce the degree of calendering and maintain paper bulk.
Its smoothness means dots remain closer to the paper surface for outstanding high definition printwork.
Available in a wide range of substances and formats, in sheets and reels.
FSC 10% recycled post-consumer.

**End uses:**
Books, Brochures, Catalogues, Covers, Direct mail, Folders, Inserts, Packaging, Postcards

**Print methods:**
Flexo, Laser/Dry toner, Offset, Rotogravure

**Storage recommendations**

Ideally, the paper should be stocked in pressrooms conditioned to 50% (±5) relative humidity and 23ºC (±2) temperature.

In any case, extremes of temperature and humidity must be avoided.

For food contact applications, the product properties, according to the specifications, are guaranteed for 12 months after the production date.

Values are subject to change without notice.
