Condat gloss (North America)

Description:
Condat 2 side coated woodfree paper with high gloss and excellent smoothness.
The reasons for the exceptional strength, smoothness and gloss of this coated paper are no secret. They lie in the choice of coating bases to reduce the degree of calendering and maintain paper bulk.
Its smoothness means dots remain closer to the paper surface for outstanding high definition printwork.
Available in a wide range of substances and formats, in sheets and reels.
FSC 10% recycled post-consumer.

End uses:
Books, Brochures, Catalogues, Covers, Direct mail, Folders, Inserts, Packaging, Postcards

Print methods:
Flexo, Laser/Dry toner, Offset, Rotogravure

Certificates:
- Safety Data Sheet - Condat
- Elemental Chlorine Free (ECF) - Coated paper
- Declaration of Biodegradability (EN 13432-2000) - Coated paper
- Food Contact (XXXVI BfR) - Coated Gloss
- Printed Paper Optical Properties (DIN ISO 12647-2) - Coated Gloss N.A.
- FSC Chain of Custody (multisite)
- PEFC Chain of Custody (multisite)
- EMAS Condat mill
- ISO 14001 Environment
- ISO 50001 Energy Efficiency
- ISO 9001 Quality
- ISO 45001 Health and Safety

### Storage recommendations

Ideally, the paper should be stocked in pressrooms conditioned to 50% (±5) relative humidity and 23°C (±2) temperature. In any case, extremes of temperature and humidity must be avoided. For food contact applications, the product properties, according to the specific ations, are guaranteed for 12 months after the production date.
